

# SOCIAL DISTANCING REQUIREMENTS

V1 – Effective 4/29/2020

1. All patrons MUST wear face covering at all times, with the following exceptions
  - Drivers on grid or on track
  - Children under 2 years old
  - Customers with trouble breathing due to chronic pre-existing condition
  - Persons engaged in strenuous physical activity
2. Patrons must maintain a minimum of 6 feet spacing between themselves and other patrons. Exceptions are direct family who reside under the same roof.
3. No groups of 10 or more may occupy any given pit area and must maintain the 6 foot spacing. Small tents with small groups should be considered the “new normal”.
4. Maintain a minimum of 6’ between your kart and other karts while on grid and upon exiting track on exit grid. Respect your fellow drivers and crews and give them time to load-in load out. WHEN YOU ARRIVE TO GRID MOVE ALL THE WAY TO THE FRONT OF THE GRID AND ASSUME THE FIRST NON-OCCUPIED **ORANGE** MARKED SPOT. DO THE SAME ON TRACK EXIT.
5. Teams are responsible for ensuring their customers follow all requirements outlined in this document.
6. Pit passes will be limited to 1 per paid driver pass. Team principals and mechanics to be excluded from this count. **BOTTOM LINE – We are open for competition DRIVERS to practice DRIVING. We are not open as a social outlet. Please respect this concept.**
7. These social distancing requirements will be enforced with ZERO TOLERANCE. Our continued ability to be open for our customers is predicated on following the Miami-Dade County guidelines issued in their emergency order. It is our intention to follow these guidelines to the letter with no exceptions.
8. We ask that everyone self-police these requirements and remind and educate those around them who may not be in compliance. The sooner we all adapt to this “new normal” the more likely it will be that we can continue to enjoy the sport we all love!
